THE BEAUTIFUL LOOK OF SHUTTERS AT A GREAT VALUE

ALLVIEW™

Polyresin Shutters

Allview Polyresin Shutters deliver the elegance of shutters at an affordable price. It's the perfect combination of beauty, function and value.

Allview is constructed with Polyresin materials that are durable and low maintenance. The Polyresin components are made using the latest extrusion technology featuring a Woodtex finish that has the soft look of a painted wood shutter. Each shutter comes with a standard hidden rear tilt rod that delivers a clear full view through your windows.

For sliding glass doors, Allview offers the track system which makes covering big windows very affordable. What's more, Allview has excellent energy efficiency and is a good sound insulator.

All shutters are tailor made to your windows custom specifications.
